Am Em Am
I need to be a flower in spring
Am Em G
Something growing in the face of the wind
C F Dm C Am
Drifting onward – moving like time
Am G Am
Instead of remembering when you were mine
 Am Em Am
 I need to be an ocean at bay
 Am Em G
 Moved by moonlight but one place I'd stay
 C F Dm C Am
 Coastline swiftening – deep, open wide
 Am G Am
 Instead of remembering when you were mine
Am G Em Am
Oh remembering all of our memories
Oh remembering when you were mine

I need to be like a symphony
Embracing the feel of what I can't see
Spirit, passion, strengthen the vine
Instead of remembering when you were mine
 Dm C G
 I need to be like a dawn of the day
 Cheerful and Light and a little less gray
 Ebbing and flowing with the changing tide
 I need to be like the hands of time
Am G Em Am
Instead of remembering when you were mine

Oh remembering all of our memories
Oh remembering when you were mine
Oh remembering all of our memories
Oh remembering when you were mine
